Hi Stephanie,

How about 2 pm EDT on Tuesday June 12? Our general counsel's office will participate. I can provide a conference call line.

To assist the discussion, please provide us in advance with a draft of any access agreement or other similar document they anticipate using in connection with this project.

Thanks,

Jeanne

Hi Stephanie,

As we discussed today, EPA would like to confirm that, as we stated in our letter of 5/23, the federal government self insures, and that this arrangement is acceptable to Chesapeake before we invest in the site characterization. I will set up a meeting with our general counsel's office. What is your availability for Friday and early next week?

Thanks,

Jeanne

Subject: OGC

Ramona and Jeanne –

It did come as a surprise that EPA is not moving forward with site characterization due to the liability issue associated with the horizontal wells which may or may not be drilled. Given this information, we now appreciate the need to resolve this issue post-haste. We believe we will require a conversation with your attorneys – could you send us their contact information or set up a meeting for our attorneys with yours? At a minimum, we will require something written from OGC I believe. In any case, a phone conference would be helpful to schedule as soon as possible.

Thanks, Stephanie
